SECTION 6B — AI WEEKLY SUMMARY (PHASE 3)

Vertex AI Gemini

Revenue this week reached £42,380, up 8% on last week driven by strong Thursday and Friday performance. Two drop alerts were flagged mid-week, both more than 30% below the 7-day average. The 14-day forecast suggests stabilisation near £6,200/day with moderate confidence. **Recommended action:** investigate Tuesday's drop for fulfilment delays or promotional gaps.
